This course is designed using Christian principles that will help you prosper, IF YOU EMBRACE THEM. If you are tired of living from paycheck to paycheck and are willing to change, but need motivation, then this course is for **YOU!!**

“In 1996, all I possessed was \$100 in my pocket and several thousands of dollars in credit card debt, no job, and no place to live. It was through the principles outlined in this book that I eliminated the consumer debt, purchased a home and funded my own investments.”

Michael D. Fluker-Instructor
